

**EXCLUSION OF LOSS DUE TO VIRUS, BACTERIA OR
MICROORGANISM THAT INDUCE PHYSICAL DISTRESS, ILLNESS OR
DISEASE**

(Registration No.: 09AD2021000210290)

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**THIS ENDORSEMENT MODIFIES INSURANCE PROVIDED UNDER THE
FOLLOWING MARINE OPEN CARGO POLICY**

The following exclusion is added to this Policy; supersedes any term, provision or endorsement to the contrary in this Policy; and applies notwithstanding such term, provision or endorsement:

This Policy excludes any and all loss, damage, cost, or expense of any nature whatsoever directly or indirectly caused by or resulting from the following, regardless of any other cause or event, whether or not insured under this Policy, contributing concurrently or in any other sequence thereto:

Any virus, bacteria or other microorganism that induces or is capable of inducing physical distress, illness or disease, or the fear or threat (whether actual or perceived) of any such virus, bacteria or microorganism, including any and all loss directly or indirectly caused by any action or inaction of the insured or any action or order of a government undertaken in response to, or intended to detect, control, prevent, suppress, mitigate or remediate, the actual, suspected, or anticipated presence of any virus, bacteria or other microorganism that induces or is capable of inducing physical distress, illness or disease.

This exclusion does not apply to loss or damage caused by or resulting from moss or fungus (including mold and mildew), or any mycotoxins, spores, scents, or other by-products of fungi, if such loss or damage, including any exclusion thereof, is addressed in a separate provision elsewhere in this Policy.

Other Policy provisions excluding coverage of loss due to virus, bacteria, or microorganism of a type other than that which induce or are capable of inducing physical distress, illness or disease remain in full force and effect.

All other terms and conditions remain unchanged.
