

Storage Inside Insured's Premises

(Registration No.: 09AD2022000210337)

It is agreed that the coverage is granted also for goods during their permanence on board of the trucks parked inside of the Insured's premises in the following terms:

For goods in departure, the coverage begins from the moment in which they are loaded on board of the truck for a maximum period of 72 hours whilst they stand inside of the enclosures, to be computed from the time in which they cease the loading operations;

For incoming goods, the coverage begins from the moment the truck enters the enclosures for up to 72 hours whilst the goods stay on the vehicle carrier, to be computed from the time of arrival.

As a condition to the coverage of theft of the entire truck and / or only the trailer and / or semitrailer, it is mandatory that the same are kept in premises with access under control or closed by appropriate means, or in areas equipped with fences, with gates under control or closed with appropriate means.

Coverage is subject to the fact that the theft was perpetrated by tampering or burglary of the closure means of the vehicle and of the premises or enclosures of the areas in which the vehicle was parked.

The Underwriters will be liable for the maximum amount stated in "Maximum Sums Limits - per Claim and per Insurance year - regardless of trucks parked.
