

Usability Inspection

(Registration No.: 09AD2022000210310)

The technical authority of the insured shall be decisive regarding the usability of the goods after damage, provided that the damaged goods were considered as disqualified by the inspection department of the insured based on the insured's inspection standard. Salvage value shall be estimated jointly by the insurer and the insured. Damaged goods are only to be sold with permission from the insured and the income of such sale shall be set off against the rest value.
