

Damage During Assembly/Installation

(Registration No.: 09AD2021000210260)

Interests insured are machines, systems and/or products, including accessories and parts, that involve installation work.

The insurance remains in force after arrival of the interests insured at premises of insured's customer or consignee awaiting installation and testing. This coverage shall continue during installation until the insured property has been tested and/or accepted by the insured's customer or consignee and/or until installation work has been completed.

Coverage under this clause is **subject to a time limit of xx days after arrival.**

Indemnification under this clause is covered **only if and in so far as the risk is not compensated (not covered, the deductible or otherwise) by any other insurance.**

Excluded from cover are:

- Ordinary wear and tear,**
- Any loss, damage or expense proximately caused by inherent vice,**
- Atomic explosion, nuclear reaction or radioactive contamination,**
- Faulty design, defective materials or casting.**

Reimbursement under this clause shall **be limited to xxx per occurrence.**
